

# Auahi Kore/Smokefree and Hākoku Kore/Vapefree Signs Manufacturing Specifications

The Auahi Kore/Smokefree green metal signs are for outdoor use (normally at the entrance to a building or grounds). Te Whatu Ora offer limited quantities of these green metal signage at no charge, this is primarily to assist schools/kura, education facilities, small businesses, and those with very limited budgets to promote a smokefree environment.

Hākoku Kore/Vapefree signage has been developed to assist people to promote a vape free environment also, however signs are currently not manufactured for supply. You are welcome to use this artwork to have them produced yourself.

The current Auahi Kore/Smokefree green metal signs are manufactured by Signbiz and you may contact them for a quote:

Contact details:

- Matthew Meldon, Account Manager, Signbiz
- +64 21 220 0266
- matthew@signbiz.co.nz

Alternatively you are welcome to use your own print/signage provider. This is the manufacturing specification to achieve the same output quality as the current green signage.
